Abdullah Kahraman
Software Developer

+90 (552) 376 18 76 | a.kahramnn@gmail.com | linkedin.com/in/abdullahkahramn | github.com/akahramn

SUMMARY

A dedicated Software Developer specializing in designing and building computer programs. Eager to be creative and problem-solve, research the latest technological developments, and always learn and innovate. Open to collaboration and knowledge exchange within the industry.

TECHNICAL SKILLS

- Languages: Java | Javascript | Python | SQL | HTML | CSS
- Frameworks: Spring Boot | Spring Cloud | ReactJS | Node.js
- Databases: PostgreSQL | MongoDB
- Systems: Docker | Kubernetes

EXPERIENCE

Kolaysoft Teknoloji A.Ş | Software Developer (Full Stack)   **06/2022 - Present**
- Participates in the development of new principles and concepts.
- Full-time software engineer position focused on creating, supporting, and expanding Java and React applications.
- Contributes to refactor work.
- Adds features to existing products and maintains software artifacts.
- Developed lightning-fast and scalable SOAP services and REST API by using Java.
- Participates in testing through test review, writing unit tests, and analysis.

Kolaysoft Teknoloji A.Ş | Software Developer Intern   **02/2022 - 06/2022**
- Take an active role in the Monitoring project.
- All processes in the project were involved.
- The process was managed with Agile methodology.
- Spring Boot and ReactJs Postgresql, WildFly, and Jenkins technologies were used.
- General Development and Distribution (CI/CD) concepts were studied.
- OOP and solid principles were reinforced during the actual project.

PROJECTS

Monitoring

The problem that has been solved provides the ability to dynamically switch between databases in the operations performed during the application runtime. In this way, it is ensured that we can transact in different databases instantly.

Weather Application | github.com/akahramn/Weather-Application

This project takes the current weather data every hour and writes it in the CSV file using Apache camel dependency.

EDUCATION

Mechatronics Engineering, Düzce University 2018-2022, 3,08 GPA

SOFT SKILLS

Leadership | Time Management | Problem Solving | Teamwork | Good Communication
